WITH A FIRM NOD TO MID-20TH-CENTURY MODERN DESIGN, THIS JOHANNESBURG HOME COMBINES HIGH STYLE WITH PRACTICAL FAMILY LIVING

The entertainment room is reminiscent of a Mondrian painting, with the linear demarcations on the walls and floors and block-like, cherry-red seating (which was custom designed by Tonic 011-327-2028). The simply conceived but highly effective Perspex patchwork light box was designed and made by Nadya Glawé.
